

Student Drivers' Education
Student & Parent Agreement to Course Expectations and Rules

Course Background: This is not a course to teach your teen how to get their driver's license. It is, however, a course that will help them build a foundation of knowledge and skills for safe and efficient driving.

Student Requirements:

- Student must be at least 15 years old by the first day of class.
- Student must have a driver's permit.
- Student needs to be insured under his or her own (or the parents') automobile insurance policy.
- Behind-The-Wheel (BTW) instruction begins during the second week of classroom instruction for all students.
- Students will drive a minimum of six hours and ride for at least six hours as a passenger.
- Students are not permitted to drive more than ninety minutes per week with the instructor.
- All driving routes are prescribed by the instructor.
- Students will "practice" these same prescribed routes and skills with parent/guardian.
- Parents will keep a log of student practice drives.
- Students obtaining their driver's license prior to graduating the Driver Education Program will not receive their certificate of completion and will pay Monroe School District a Drivers Education fee prior to receiving credit for this class..

Parents' Night: Once the student is enrolled in Driver's Education, the parent will attend a Parents' Night meeting to get acquainted with the Program.

I agree to all of the expectations and rules governing the Drivers' Education Class.
