

Interscholastic Athletics

Accordingly, administrators, coaches, advisors, student participants, and others associated with the district's high school activities programs and events shall conduct themselves in a manner that is consistent with the letter and spirit of policies, rules, and regulations of the district and any associated voluntary organization. Each will be held accountable for their actions.

The principal is responsible for ensuring accurate certification regarding the eligibility of participating students and for verifying that athletic directors, coaches of sports, and activity advisors have all required certifications prior to assuming their duties. The principal shall ensure that a program is in place to effectively evaluate the performance of all coaches and activity advisors under their supervision.

Volunteers may be approved to assist with district activities with prior approval from the principal.

The principal shall investigate all allegations of district student ineligibility, staff recruitment violations or other student or staff conduct that may violate Board policies, administrative regulations, and/or the rules and regulations of the associated voluntary organization. Employees, volunteers, or students in violation of such policies, rules and/or regulations may be required to remunerate the district in the event fines are assessed as a result of their actions.

The superintendent will develop procedures, as necessary, to implement this policy, including a process to ensure that all district rules governing the conduct of students, staff, and volunteers engaged in district activities are regularly reviewed and updated.

The district will annually review interscholastic activities and participation to determine whether the current offerings reflect the students the district serves.
