

### **Procedures to Request Interdistrict Transfer of Resident Students**

The Interdistrict Transfer Request requires the consent of both districts.

In the event a district school is identified by the Oregon Department of Education (ODE) as persistently dangerous, or a student has been a victim of a violent criminal offense while in or on the grounds of a school the student attends, and there is not another school in the district for the student to transfer to, the district may develop an agreement with a neighboring district to accept transfer students. The development of such agreements is at the discretion of the district.

The following procedure will govern consideration of a request by a student who resides within district boundaries and who is requesting district approval for a transfer to attend school in another district.

1. A parent will request the release of their student by completing the appropriate district form.
2. The completed form must be submitted to the district office.
3. The Superintendent will grant or deny the request for release according to establish Board policy criteria and notify the parent in writing of the decision within 15 calendar days.
4. If the release is granted by mutual consent of the resident and nonresident districts, the resident district will make necessary arrangements for the transfer of the student's education records.
5. If the request for release is denied, parents will be notified in writing of the reason for denial and the right to appeal the decision to the Board by sending a written letter of request to the Superintendent within 10 calendar days.
6. The Board may hear the appeal at its next regularly scheduled Board meeting.
7. A final decision will be made by the Board within 20 calendar days following the Board meeting.
8. The Board's decision will be communicated to the parent in writing.

A file of all interdistrict transfer requests will be maintained at the district office.
