

Prohibited Use, Possession, Distribution or Sale of Tobacco Products and Inhalant Delivery Systems

It is the district's obligation to protect the health, welfare and safety of students. To be consistent with Oregon law and district curriculum, student possession, use, distribution or sale of tobacco products or inhalant delivery systems in any form on district premises, at school-sponsored activities, on or off district premises, on all district grounds, in district-owned, rented or leased vehicles, or while a student is under the jurisdiction of the district, is prohibited.

The use, distribution or sale of tobacco products or inhalant delivery systems by staff and all others is prohibited on district premises, in any building or facility, on district grounds, in any vehicle owned, leased, rented or chartered by the district, school or public charter school and at all school-sponsored activities.

For the purpose of this policy "tobacco products" is defined to include, but not limited to, any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, and any other smoking product, spit tobacco, also known as smokeless, dip, chew, or snuff, in any form. This does not include USFDA approved tobacco products or other therapy products used for the purpose of cessation.

For the purpose of this policy, "inhalant delivery system" means a device that can be used to deliver nicotine or cannabinoids in the form of a vapor or aerosol to a person inhaling from the device; or a component of a device or a substance in any form sold for the purpose of being vaporized or aerosolized by a device, whether the component or substance is sold or not sold separately. This does not include USFDA-approved tobacco products or other therapy products marketed and sold solely for the approved purpose.

Violation of this policy will lead to appropriate disciplinary action up to and including expulsion for students. When considering disciplinary action for a student with disabilities, the district must follow the requirements of Board policy JGDA/JGEA - Discipline of Students with Disabilities, including those involving functional behavioral assessment, change of placement, manifestation determination, and an interim alternative educational setting. Community or school service may be required. A referral to law enforcement may be made. Parents will be notified of all violations involving their student and subsequent action taken by the school. Information about cessation support and/or tobacco education programs and how students can access these programs will be provided. At the discretion of the building principal, attendance and completion of such programs, or successful completion of a behavior modification plan, may be allowed as a substitute for, or as part of student discipline.

Violation of this policy by non-students may result in the individuals removal from district property. The district reserves the right to restrict access to district property by individuals who are repeat offenders.

Distributing or selling tobacco to those under 18 will be referred to the proper authorities.

The tobacco free zone will be advertised on all campuses in high visible places.

END OF POLICY
