

Selection of Technical Personnel

The Board may employ a registered architect or other licensed professional to design the plans for any proposed building, building addition, or extensive renovation.

In selecting such personnel, the following criteria will be considered:

1. Experience in school construction;
2. In special situations, such as facilities for the handicapped, evidence of relevant experience;
3. Creative design ability;
4. Technical knowledge to control the design so that the best results are obtained for the least amount of money;
5. Executive and business ability to oversee the proper performance of contracts;
6. Proven ability in such areas as planning and construction, pre-design planning, schematic design, design development, bidding, construction;
7. Ability and temperament to work cooperatively with others; willingness to consult with staff on educational specifications;
8. Extent and experience of staff in relation to the scope of the planned project.
