

### **Tobacco Free Environment**

It is the school's obligation to protect the health, welfare and safety of students. In light of scientific evidence that the use of tobacco is hazardous to health, and to be consistent with district curriculum and Oregon law, student possession, use, distribution or sale of tobacco in any form on district premises, at school-sponsored activities on or off district premises, in district-owned, rented or leased vehicles, or otherwise while the student is under the jurisdiction of the school is prohibited.

For the purpose of this policy "tobacco" is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, and any other smoking product, spit tobacco, also known as smokeless, dip, chew, snuff, in any form, nicotine or nicotine delivering devices, chemicals or devices that produce the physical effect of nicotine substances or any other tobacco substitute (e.g., e-cigarettes). This does not include FDA approved nicotine replacement therapy products used for the purpose of cessation.

Tobacco use, distribution or sale by staff and all others is also prohibited on district premises in any building, facility, or vehicle owned, leased, rented or chartered by the district, school, or public charter school and at all school sponsored activities.

Violation of this policy will lead to appropriate disciplinary action up to and including expulsion for students. When considering disciplinary action for a child with disabilities, the district must follow the requirements of Board policy JGDA/JGEA - Discipline of Disabled Students, including those involving functional behavioral assessment, change of placement, manifestation determination, and an interim alternative educational setting. Community or school service may be required. A referral to law enforcement may be made. Parents will be notified of all violations involving their student and subsequent action taken by the school. Information about cessation support and/or tobacco education programs and how students can access these programs will be provided. At the discretion of the building principal, attendance and completion of such programs, or successful completion of a behavior modification plan, may be allowed as a substitute for, or as part of student discipline.

Violation of this policy by non-students may result in the individuals removal from district property. The district reserves the right to restrict access to district property by individuals who are repeat offenders.

Distributing or selling tobacco to those under 18 will be referred to the proper authorities.

The tobacco free zone will be advertised on all campuses in high visible places.
