SUPERINTENDENT'S BUDGET MESSAGE

Dear Budget Committee Members,

We submit for your consideration the proposed budget for Monroe School District for the fiscal year beginning July 1, 2022 and ending June 30, 2023. As we enter the second year of the school funding biennium and emerge from two highly disrupted pandemic school years, we are optimistic about the educational and financial health of our district. While faced with numerous and unpredictable challenges, our staff, students and school community continuously showed the flexibility and perseverance needed to provide the best educational opportunities we were allowed to. We were able to offer many supports for our students and their learning, including additional special education services, as well as Success Coaches/Counselors in each building. We were also able to offer viable distance learning opportunities for our students throughout the school year. We have several position openings due to retirements and other circumstances but we are looking forward to the 2022-23 school year with optimism. State financial forecasts have been better than predicted and we are expecting funding to be at least stable as our school enrollment has grown slightly. We have utilized federal stimulus dollars (ESSER I, II, and III) to offset costs for distance learning, technology, broadband connectivity and safety protocols. We will be addressing facility needs using ESSER II and III dollars to upgrade HVAC systems at the grade school and to create outside learning areas on both campuses. We will also be working to address potential learning loss through the use of ESSER III dollars to reduce class sizes at the elementary level. We have been working hard to build a comprehensive budget that continues to allow us to provide a quality education for our students, while attempting to mitigate the negative effects of the past two school years through the pandemic. At the most fundamental level, the annual proposed budget is the District's financial plan for a single fiscal year, but at a larger level, is an investment in our students to provide a quality education for all.

The 2022/23 proposed budget is primarily supported by local taxpayer revenue, State School Fund allocation from the State of Oregon, various grant funds, including federal response funds to COVID-19.

We have worked diligently to be financially conservative while providing the best possible education for our students over the past four years. Our district enrollment has increased slightly during this school year and we will be working hard to make sure we can offer the educational options needed to continue to grow. We are using Student Investment Account and High School Success grants to attend to the social and emotional health of our students, as well as making sure our students are on track to graduate and well-prepared for their next steps.

SUMMARY OF PROPOSED BUDGET

The 2022/23 proposed budget totals (\$10,776,882.00) for all funds, an increase of \$402,325 (3.88%) over the 2020/21 budget. This is largely due to the 49/51 biennium budgeting for year two and increases in both the Student Investment Account and High School Success Grant, as well as additional grant funding.

	2021-22 Adopted Budget	2022-23 Proposed Budget	Change	
100-General Fund	\$6,002,628	\$6,418,036	\$415,408	6.9%
2xx-Special Revenue Funds	\$2,757,308	\$2,908,276	\$152,299	5.5%
301-PERS UAL Debt Service	\$406,372	\$300,622	\$(105,750)	-26%
302-SELP Debt Service	\$29,048	\$29,048	\$0	0.00%
303-GO Bond Debt Service	\$399,801	\$415,579	\$15,778	3.9%
401-CET Supported Projects	\$194,599	\$232,909	\$38,310	19.7%
404-GO Bond Projects	\$509,733	\$328,362	\$(181,371)	-36%
901-Textbook Adoption	\$30,027	\$61,865	\$31,838	106%
902-Technology Upgrades	\$45,041	\$82,185	\$37,144	82%
TOTAL ALL FUNDS	\$10,374,557	\$10,776,882	\$402,325	3.88%

The change of most significance resides within the Capital Project Funds. There has been a significant increase in revenue to the CET Supported Projects funds as a result of the new housing development being built in Monroe. This revenue will primarily be used to support building improvements as well as planned and unplanned maintenance. We have also maintained a small reserve fund of GO Bond dollars to cover the costs of emergency maintenance and needed building upgrades, as needed. In 2020-21, we created the 901 reserve funds and have earmarked a small percentage of revenue for future investment in both staying up to date on state textbook adoptions (2022-23 will be a Language Arts adoption, followed by Mathematics in 2023-24) and in keeping up with technology advancements. The 902 funding will be used to offset the cost of a Chromebook/computer leasing program we will start in 2022-23 to make sure we have the newest and most efficient technology in the hands of our students and staff.

Another change of significance in this budget is the use of revenue in Special Revenues Funds, specifically, the effective use of the Student Investment Account (SIA) funds. The SIA and High School Success (HSS) grants have been highly anticipated streams of revenue that aim to supplement the State School Fund dollars to support the work being done in our state's public schools. This SIA and HSS funding has allowed our district to address mental, social and emotional needs of our students through a variety of strategies, including staff-wide professional development in Trauma-Informed Care, Success Coaches/Counselors at each campus, Family Support and LatinX Liaisons, additional Special Education services and further implementation of AVID in both buildings. In addition, SIA funding has been used to address other needs such as removing all economic barriers to participation in activities by offsetting all school fees for clubs, athletics, etc.....

This budget document serves as a framework for our revenues and expenditures for a specific timeframe. As can be expected, there are many variable factors that make up this budget on both the revenue and expenditure sides that could impact our actuals for fiscal year 2022-23.

Long-term projections are used to provide the most comprehensive picture of the District's financial future so that decision making in the short-term can be used to support our students for years to come. We are currently operating during unprecedented times and it's difficult to make predictions as to how this will impact our upcoming financial position. Other factors to take into consideration include rapidly climbing

Public Employee Retirement System (PERS) contribution rates, our PERS Debt Service amortization schedule, high inflation and skyrocketing insurance rates. Due to these reasons that are largely out of the District's control, there is an increased importance on strategic savings in order to make it through the following years. We believe that we have found a balance in contingency savings while still fully serving those students that are currently in the District.

It is our overarching mission to provide a high quality education for our students that prepares them for success beyond school. While we will have to make some difficult adjustments, I am confident that our staff and students will continue to adapt and excel with the resources we have available. Thank you for taking the time to serve on this very important committee and fulfill an important role for our schools.

Thank you for your service,
