

# Monroe Grade School Technology Agreement

Monroe Grade School believes that technology is a tool for life-long learning. We believe the responsible use of the internet and technology will enhance student learning and digital literacy. These tools and resources will allow students to significantly expand their knowledge by accessing information resources as well as analyzing, synthesizing, and publishing information.

Students are expected to use the internet in a responsible, ethical, and legal manner in accordance with the mission of the Monroe School District. The use of the internet is a privilege, not a right, which may be revoked at any time for inappropriate behavior. Users assume responsibility for understanding relevant board policy and these guidelines as a condition of using the internet. Any use of district technology and the internet that violates policy and guidelines may result in loss of access as well as other disciplinary or legal action.

## Educational Purpose

Technology is to be used as an extension of the classroom for educational purposes. The tools are meant to be a supplementary tool to quality teaching. The devices are the property of Monroe School District and the sole purpose is for educational activities related to coursework.

## Students Will:

- Be assigned a laptop or computer for each class by the teacher as needed.
- Be responsible for placing the device back in its original and appropriate location.
- Take responsibility for the care and condition of the device.
- Only visit/use teacher approved websites/applications.
- Use the technology for school related tasks only.
- Notify the teacher when an issue should arise.
- Replace any damaged device due to inappropriate use.

## Parents Will:

- Give or decline consent to use electronic devices by filling out the registration forms.
- Request other types of electronics where necessary.
- Contact their student's teacher or the grade school office with any questions regarding the use of technology.

## Staff Will:

- Monitor all student activity on technology devices.
- Use technology to add meaning and value to educational tasks.
- Perform frequent checks on devices being used.
- Assign each student a specific laptop and/or computer as needed.
- Monitor the condition of the devices routinely.

## Monroe Grade School Technology Agreement

I have read and consent to the Monroe Grade School Technology Agreement and I commit to being a responsible and respectful user of technology at school and beyond.
